

2017 Engineering Technologies Career Expo Parking Instructions

Dear Career Expo Guest,

Thank you so much for your participation in this year's Engineering Technologies Career Expo. Parking at the Delaware Tech Stanton Campus can be difficult. In order to unload your vehicle efficiently and park your car smoothly, please follow the instructions below (note: these instructions are written as though you are entering through the main entrance off of Churchmans Road):

1. Enter campus from the main entrance and make a right at the first t-intersection

2. This will bring you to another t-intersection. Make a right at this t-intersection.

3. Follow the road past Lot 2 on your left. Continue around the curve. Pass Lot 1 on your left and the soccer field on your right.

4. Make a left into the driveway. You may park in this driveway temporarily to unload your vehicle and bring your display items into the gym. Career Fair Volunteers will be available in the parking lot to direct you and help you unload. Follow the Career Fair Volunteer or Signs to the gym for setup.

- Drop your items off in the gym and return to your vehicle. Follow the road back the way you came in and park in Lot 1.

- If Lot 1 is full, additional parking is available in Lot 8.

If you have any questions, please see a Career Fair Volunteer or a Public Safety Officer. Thank you so much for your participation.
